

REMARKS

The summary section and abstract are amended to better track the language of the allowed amended claims.

Inasmuch as the above amendments are of an editorial nature, designed to improve the form of the application, entry under the provisions of Rule 1.312 is requested. Further, because the amendments are editorial in nature, they do not correct any "error" in the patent, and an additional Supplemental Oath beyond the one previously filed is not required. (See MPEP Section 1414.01)

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Michael E. Godar". The signature is fluid and cursive, with a long horizontal stroke at the end.
